About me

I'm a UX/UI designer with a background in sales, customer service, hospitality, and administration. I'm outgoing, creative and enjoy roles where I can take initiative, collaborate with others and see clear results from my work.

During my role as an Executive Assistant I was also involved in the marketing team where I designed newsletters and digital content, and received positive feedback for my creativity and eye for design.

Experience

Executive Assistant

Biocool & BIOpH+ | Stockholm, Sweden

Sep 2025 - Feb 2026
